Percentage : 66.20%

EXPERIENCE :

Intern

Market Reglance Pvt. Ltd. Pune

06/2024 - 11/2024

indea

Achievements/Tasks

- **Developed Full-Stack Applications (MERN Stack) :** Contributed to the development of web applications using the **MERN stack** (MongoDB, Express.js, React, Node.js), ensuring seamless integration between front-end and back-end. Developed RESTful APIs to support the front-end interface and enhance website functionality. Implemented CRUD operations efficiently to manage data in MongoDB, and ensured smooth data flow between server and database.

Intern

Future Intern

08/2024 - 09/2024

india

Achievements/Tasks

- **Improved Website Functionality:** Contributed to optimizing website performance, enhancing load times, and improving user experience. Fixed bugs and resolved issues in existing code, ensuring smooth functionality.
- Used modern web technologies like **HTML5, CSS3, JavaScript , APIS** and frameworks such as React.js for building dynamic user interfaces.

SKILLS :

HTML

CSS

Tailwind

Bootstrap

Java Scripts

MERN Stack

JAVA

Git-GitHub

Terminal

PROJECTS :

Badminton Academy website :- (09/2024)

- A **Badminton Academy Website** is a web-based application designed to provide information, manage registrations, and streamline processes related to badminton coaching and training.
- Used modern web technologies like **HTML5, CSS3, JavaScript**, and frameworks such as React.js and **MERN STACK** for building dynamic user interfaces.

Weather Forecast Web Application (02/2024)

- **Developed a fully functional weather forecasting web application** that provides real-time weather data, including temperature, humidity, wind speed, and precipitation forecasts using APIs like Open Weather Map
- **Used modern web technologies** like HTML5, CSS3, JavaScript, and frameworks such as React.js (or Angular/Vue, depending on your tech stack) for building dynamic user interfaces.

Cloth Shop Management System (03/2023)

- **Developed a comprehensive Cloth Shop Management System** using ASP.NET and MySQL to streamline the operations of a retail clothing business, including inventory management, sales tracking, and customer management.
- **Designed and implemented a user-friendly interface** with ASP.NET Web Forms/MVC (or Razor Pages, depending on the architecture) to simplify daily operations for shop staff and managers.
- **Designed and implemented a user-friendly interface** with ASP.NET Web Forms/MVC (or Razor Pages, depending on the architecture) to simplify daily operations for shop staff and managers.
